Subject: Declaration of Endorsement of and Commitment to the European Charter for Researchers and the Code of Conduct for the Recruitment of Researchers (Charter and Code)

Dear Director General,

The Université Gustave Eiffel, represented by its President Gilles Roussel fully endorses the principles of the European Charter for Researchers and the Code of Conduct for the Recruitment of Researchers.

Many of these principles have already been implemented in our university. The Université Gustave Eiffel, hereby declares its commitment to further implement these 40 principles of Charter and the Code via the Human Resources Strategy for Researchers (HRS4R).

The Université Gustave Eiffel is already committed to the continuous improvement of the working environment and perspectives offered to its researchers to conduct high quality of research.

We are firmly convinced of the interest of the HRS4R label, and of the implementation of the principles of the Charter and the Code as a contribution to the development of the European Research Area.

Yours faithfully,

Gilles Roussel
Président de l'université Gustave Eiffel
